

USU Program Project Grant Quad Chart Guidance

- Use the template on the following slide to prepare a synopsis of the proposed research effort.
- Enter Project Title, Overall Project PI, organization, and intended military related topic area at the top center of the Quad Chart. Use Arial 24 point.
- Complete **all** the sections of the Quad Chart.
- Except for the title, all text should be Arial 14 point, but may reduced to 12 point as needed.
- Submit the quad chart with the pre-proposal white paper. If the pre-proposal is selected for a full proposal, you will be asked to modify the quad chart to reflect the full proposal content.
- For military research areas, please use this U.S. Army Medical Research and Materiel Command (USAMRMC) [weblink](#): for information on the five basic areas: military infectious diseases, combat casualty care, military operational medicine, chemical biological defense, and clinical and rehabilitative medicine..

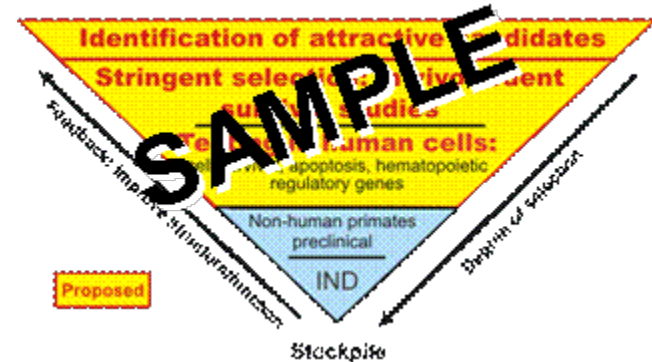

Project Title (Arial Bold 24)

Program Project Overall Principal Investigator, Organization/Department,
Intended Research Area (Arial Bold 14)

Objective: Brief statement outlining project objective.

Description of Effort: A few sentences describing the scope of the work._

Project PI List & Organization affiliation:

Insert graphic illustrating project.
Include caption or brief description

Benefits of Proposed Technology: Insert brief description.

Military Relevance: Insert brief description; note if it fills a known capability gap.

Technical Approach: Insert brief description._

Challenges: Insert brief description.

Major Goals/Milestones by FY:

List for each fiscal year of effort proposed

Cost by FY for each Project: Beginning with the first FY of the proposal, state the cost \$ in thousands for each project

Overall Project PI Contact Information:

PI name

Address

Phone & E-mail address
